SRS Public Tours Announced for 2012

AIKEN, S.C. (Dec. 8, 2011) – In 2012, Savannah River Nuclear Solutions, LLC will once again offer a limited number of Savannah River Site (SRS) tours for the general public.

Thirty tours of SRS are being offered to the public in 2012, providing an opportunity for approximately 1,500 people to visit the site. Tour check-in begins at 12:30 p.m. at the Center for Hydrogen Research, located off Highway 278 in Aiken County. Guests will be given an overview presentation, safety briefing, tour of the Savannah River Ecology Laboratory and general driving tour of the site. The tour will conclude at 4:30 p.m.

Thirty tours of SRS are being offered to the public in 2012 by SRNS personnel, providing an opportunity for approximately 1,500 people to visit the site free of charge.

Site tours provide an opportunity to better understand the Savannah River Site's history, current activities and future missions.

2012 scheduled tour dates

January 10, 18, 26	February 15, 23	March 13, 21, 29
April 17, 26	May 8, 16, 24	June 12, 20, 28
July 10, 18, 26	August 14, 22, 30	September 11, 19, 27
October 9, 17, 25	November 7	December 5

All tours are free of charge and each tour will accommodate fifty people. Tour participants must be 18 years of age or older and must be U.S. citizens.

Registration will open at 9 a.m., Monday, Dec. 12. To sign up, please visit the SRS tour website at:

www.srs.gov/general/tour/public.htm

The Savannah River Site is owned by the U.S. Department of Energy and is managed and operated by Savannah River Nuclear Solutions, LLC.

If no internet access is available, individuals may call (803) 952-8467 or (803) 952-8994 for assistance. Seats are limited to two individuals per reservation and participants may reserve only one tour date per year. Seats are filled on a first-come, first-served basis.

Savannah River Nuclear Solutions, LLC, is a Fluor-Daniel Partnership comprised of Fluor, Newport News Nuclear and Honeywell, responsible for the management and operations of the Department of Energy's Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.
