## Seats Available for Remainder of 2011 SRS Tour Program

AIKEN, S.C. (July 19, 2011) – In December 2010, Savannah River Nuclear Solutions, LLC announced dates for thirty Savannah River Site (SRS) public tours that would take place in 2011.

There are tour seats available for tour dates from August through December. All of the tours are free of charge and each accommodates fifty participants.

2011 Remaining tour dates:

- August 4, 16, 31
- September 8, 20, 28
- October 11, 20, 26
- November 15
- December 6

To learn more about the tours or to register, visit the SRS tour website at:

<http://www5.hanford.gov/SRSTours>

The general site driving tours of SRS offered to the public provide opportunities for approximately 1,500 people to visit the site to better understand the Department of Energy's facilities and operations that once changed the face of Aiken, Barnwell and Allendale Counties. Visitors will also learn about the various facilities supporting future missions at the Savannah River Site.

Tour check-in begins at 12:30 p.m. at the Aiken County South Carolina Center for Hydrogen Research, located off highway 278,

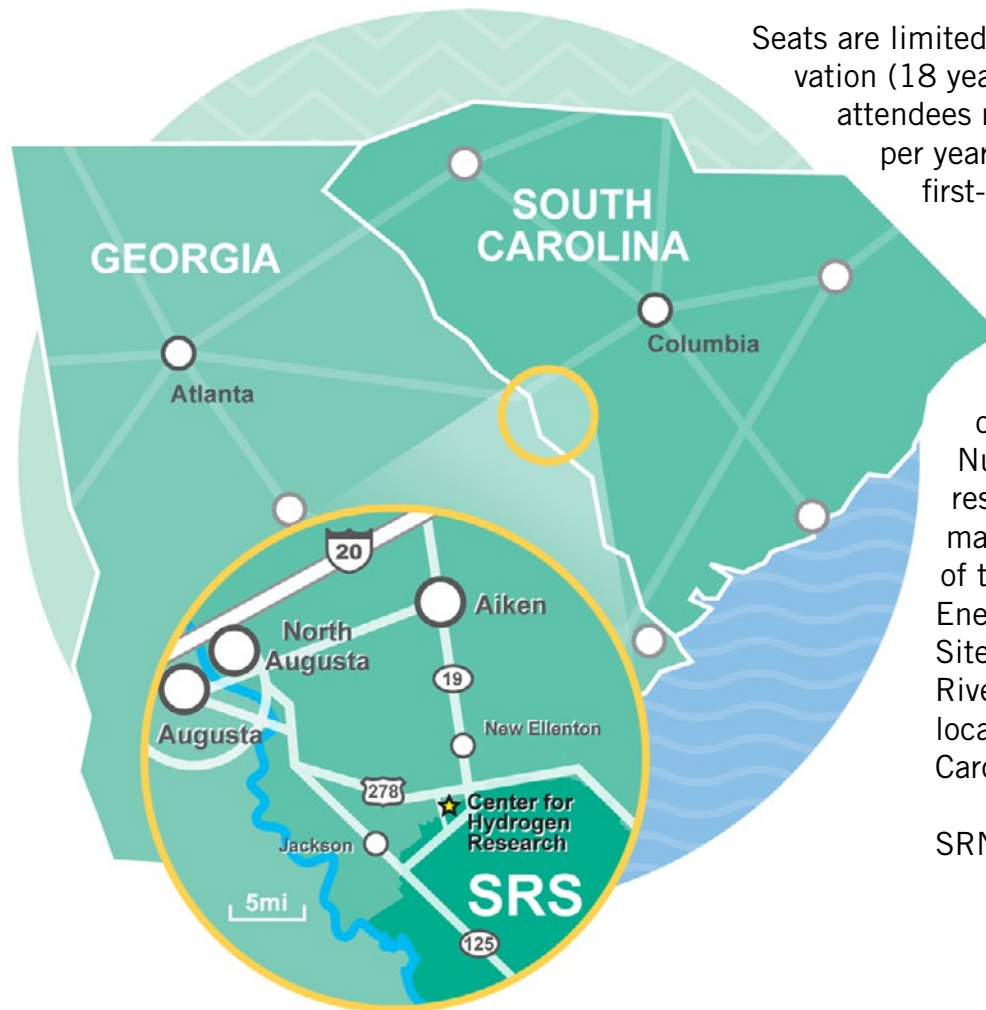

*The Savannah River Site is owned by the U.S. Department of Energy and is managed and operated by Savannah River Nuclear Solutions, LLC.*

near the northern boundary of the site. Visitors will be given an overview presentation and safety briefing at 1 p.m., followed by a general site driving tour. Typically, the tour concludes at 5 p.m.

If access to the internet is not available, individuals may call (803) 952-8467 for assistance.

Seats are limited to two guests per reservation (18 years of age or older) and attendees may tour only one time per year. Seats are filled on a first-come, first-served basis.

Savannah River Nuclear Solutions, LLC, is a Fluor-Daniel Partnership comprised of Fluor, Newport News Nuclear and Honeywell, responsible for the management and operations of the Department of Energy's Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.
