## SRNS Issues 2011 Annual Report

AIKEN, S.C. (April 3, 2012) – Savannah River Nuclear Solutions (SRNS), the management and operations contractor at the Savannah River Site (SRS), has issued its 2011 Annual Report.

“Our highly trained and dedicated SRNS workforce has proven again that we are committed to create safe, innovative, and effective solutions for our country’s most pressing initiatives - with excellence,” said Dwayne Wilson, SRNS President & CEO. “Safety, execution and service, in partnership with the Department of Energy, allowed our company to achieve major milestones for our nation and our community as detailed in this year’s report. I congratulate our employees on a great year.”

The document summarizes accomplishments achieved and operations safely conducted at the Savannah River Site during the 2011 calendar year. It can be viewed at: [http://www.savannahrivernuclearsolutions.com/docs/srns\\_2011\\_annual\\_report.pdf](http://www.savannahrivernuclearsolutions.com/docs/srns_2011_annual_report.pdf)

SRNS offers in-depth nuclear knowledge for the nation and works to make the future of our country secure, energy independent and environmentally responsible.

Savannah River Nuclear Solutions, LLC, is a Fluor Partnership comprised of Fluor, Newport News Nuclear and Honeywell, responsible for the management and operations of the Department of Energy’s Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.
