## SRNS Volunteers at Aiken Habitat for Humanity 100th Build

AIKEN, S.C. (Nov. 5, 2015) – Volunteers from SRNS LEAP (Leaders Emerging Among Professionals) and Site Services recently helped install insulation, windows and doors on Aiken County Habitat for Humanity's 100th home in Warrentville, S.C. In August, SRNS presented a \$10,000 corporate giving donation to Aiken County Habitat for Humanity for the 100th home. The donation and the SRNS volunteer work day will help future residents Jennifer Pixley and her children Arthur, Josiah, Adriyanna and Aliza move into their new home this December.

First row, from left: Josue Garcia-Velazquez, SRNS Senior Internal Auditor; Caroline Johnson, HB Line Process Engineer; Donna Tadlock; Lindsey Szabelski, SRNS Fire Protection Engineer; and Karyn Sealy, SRNS Computer Systems Engineer. Second row, from left: Jim Barry, SRNS Senior Vice President and Chief Financial Officer and Aiken County Habitat for Humanity Board Member; Bill Tadlock, Director, SRNS Site Maintenance and Facility Support; Stephen Barton, SRNS Financial Analyst; and Anne Kelly, H Canyon Process Engineer.

Savannah River Nuclear Solutions is a Fluor-led company whose members are Fluor Federal Services, Newport News Nuclear and Honeywell, responsible for the management and operations of the Department of Energy's Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.
