Join our team.
And you can help make the world safer, too.

Our company
Savannah River Nuclear Solutions manages and operates the Savannah River Site, a U.S. Department of Energy site.

Our location
The Savannah River Site is a 310-square-mile facility located near Aiken, S.C.

What we do
We operate diverse nuclear facilities and manage infrastructure and support systems like those of a small city.

Opportunities
We offer full-time employment for production operators, laboratory technicians, radiological controls inspectors, maintenance mechanics, electronic and instrumentation mechanics, power operators, riggers, and light and heavy drivers.

The Savannah River Nuclear Solutions Internship Program offers opportunities for students attending two-year technical colleges and four-year colleges and universities up to the doctoral level to gain hands-on learning experiences related to their field of study. The goal of the internship program is to bridge the gap between academic study and its application in professional practice. Participation in an internship offers students a glimpse into a professional work environment, while networking with professionals.

**Eligibility and Criteria**

- U.S. Citizenship Required for Security Cleared Positions. See DOE Order 472.2
- Must be a full-time student at an accredited two-year technical or four-year college or university, or within one year after finishing a degree program
- Must have completed freshman year of college or technical school
- Must possess a cumulative GPA of at least 2.5 (verified by most recent transcript)
- Must successfully complete Savannah River Site General Employee Training and substance abuse processing

**Internship Benefits**

- Receive competitive hourly pay, based on academic standing and major
- Expose to real world engineering, scientific and business expertise
- Opportunity to attend various professional development events like Toastmasters, OSHA-10 training, DISC assessments, and more
- Gaining new perspectives on science and national research missions
- Validation or realignment of academic and career goals
- Receive credit for prior SRNS service if offered full-time employment
- Receive mileage reimbursement for initial report to work and return to school trips if your school is more than 50 miles from SRS
- Network with a broad range of experienced SRNS professionals, including company leaders
- Network with students from other colleges, locations, and majors
- Receive career and personal mentorship, which provides guidance and direction for future education, career focus and professional development

**Disciplines**

- Engineering
- Computer science
- Physical sciences
- Life sciences
- Business
- Communications

Internships are available during both the winter and summer breaks.
