## SRNS Employees Give over \$1.03M to Local United Way Agencies

SRNS Parent Companies Provide an Additional \$200,000 as Corporate Match

AIKEN, S.C. (Oct. 15, 2014) – Savannah River Nuclear Solutions (SRNS) employees gave back to the community through another successful United Way (UW) campaign, achieving \$1.2 million, which includes the employee campaign and corporate match. To celebrate this milestone, the SRNS campaign committee invited the nine UW agencies who are designated to receive donations to a celebration at the Applied Research Center in Aiken, S.C.

During the event, campaign chair Allison Townsend presented SRNS donation checks to UW agency representatives. Among them was Sharon Rodgers, President, United Way of Aiken County.

“Savannah River Nuclear Solutions continues to have the largest contribution to our United Way Campaign. The level of generosity and passion for the community exhibited by the employees is amazing. Great things happen when people ‘Live United.’ This goes beyond my wildest estimate of what could be raised, and it will go towards helping a lot of people in Aiken County,” said Rodgers.

The Savannah River Site has a history of giving. Initially known as the Community Chest, UW has been a major focus for SRS employees since 1952.

*Over \$1 million was raised during Savannah River Nuclear Solutions' recent employee United Way fundraising campaign, benefitting nine United Way agencies located throughout the greater Central Savannah River Area.*

“This year’s campaign theme was ‘People Helping People,’ which represents in three simple words how employees carry on the tradition of contributing year after year, even during tough economic times,” said Townsend. “A big thank you goes to the employees who donated their time and money through Project VISION and SERVE, bake sales, luncheons, silent auctions and pledge cards that allowed us to exceed our goal. I’m also grateful for the ongoing support from SRS retirees who have supported us, past and present.”

The UW agencies that receive contributions from the SRNS Employee UW Campaign include: Aiken County; Allendale County; Bamberg, Colleton and Hampton Counties; Barnwell County; Edgefield County; Midlands; McDuffie County; Screven County; and UW of the CSRA.

*Savannah River Nuclear Solutions is a Fluor-led company whose members are Fluor Federal Services, Newport News Nuclear and Honeywell, responsible for the management and operations of the Department of Energy’s Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.*
